

GLT-120

Release Liner Paper

INTRODUCTION

GLT-P120 is Glassine coated paper. Laminating with double 25 micron Pet film Layer, And both sides coated with polydimethylsiloxane (CAS No 9016-00-6).

FEATURES

Release Liner 120 Gsm

Coated Type / Thickness : Special rubber adhesive / 0.003 mm

Carrier Type/ Thickness: Glassine Paper / 0.054 mm

PET film / Thickness: / 0.025 mm

PROPERTIES

Properties	Unit	Time	Specification
Unwind To Steel	Gf/cm	Min.	15-25
Release Tranfer Test	%	Min	85
Tensile Strength	Kgf/25mm	Max	30 †
Elongation (ASTM D 3759)	%	Min	5
Temp. resistance to stainless steel(1hr)	Celsius	Max	100
	Fahrenhei		
Coated type			Silicone Resin Base
Color available			White
Water proof property			Available
Shelf Life: 24 months, the shelf life is defined started from estimated arrival date (ETA).
